

Beverly Statement of Candidacy

I respectfully request from my colleagues in local government the opportunity to continue to serve the North Shore Task Force region as our representative on the MPO. I pledge to continue to advocate for the transportation needs of our individual communities, our region, and the Commonwealth as a whole. This is a critical time as we work to maintain and improve the economic competitiveness of Massachusetts, recognizing the need to build the reliable world class transportation infrastructure we need to ensure our region remains the great place it always has been. A safe, clean transportation infrastructure that reliably brings us to and from school and work, and helps us access world class health care, entertainment and culture, friends and family, and more. I am excited to continue to serve in this way, and hope for the opportunity to do so. Thank you for your consideration.
